

## Save Wimborne Town Green

Published by [John Baxendale](#) on Feb 28, 2010

### **Background (Preamble):**

Hanham's Ground is two hectares of open green land used as a cricket field since 1793, adjacent to the River Allen, and close to the centre of the historic Dorset Minster Town of Wimborne. For several years, Waitrose have been trying to acquire the site in order to build a supermarket.

Despite strong local opposition demonstrated by several local petitions, East Dorset District Council perversely granted planning permission in February 2009 and construction on the site commenced during January 2010.

The land is adjacent to the River Allen, a Biodiversity Action Plan Habitat, and home to otters, rare white-clawed crayfish, water voles and other wildlife. There are grounds for believing that measures taken by the developer are inadequate to protect the water from harmful pollution. A significant proportion of the development site lies within a flood plain.

Hanham's Ground lies within a Conservation Area and the developer has failed to demonstrate that the supermarket will harmonize with existing town centre buildings, in accordance with the district council's own Planning Guidance. The change of use from an open green playing field to a supermarket and two-level car park, will irreversibly affect the character of the town centre.

The site lies close to a busy road that is already congested at peak times. The provision of an additional 215 parking spaces is estimated to increase traffic by 2000 vehicles per day.

This Petition to the County Council must be submitted by 19 March 2010.

### **Petition Text:**

We the undersigned wish to register our support of the Application for the Registration of Land as a Town or Village Green made by Mr Philip Atlay in respect of the land in Wimborne (Dorset) known as Hanham's Ground and used as a cricket ground.

This petition is made notwithstanding the fact that construction of a supermarket has already commenced at the developers own risk, and should be restored as a green space.

Remember Iceland? Councillors do NOT always

work in the interest of their public but often for

themselves.

What a waste of green area in the town. This will close many shops. Why waste money on the square up grade, use the car park for new bus terminus as it will be the only place to go because of the amount of traffic using the approach road will stop anyone getting any nearer the minster from the eastern side of the area on foot, take a hint save yourselves the money of a new bridge to the town centre no one will use it as the town will be empty.

Waitrose on RIA identifies that the their store will kill the independant retailers and the other supermarket - Why could the council not read this for themselves. They had the document!

I think its disgusting how these developers want to build on every scrap of green and impose these supermarkets that local people often just don't want. Local people need to be given far greater control over the planning application process to stop this sort of thing happening.

The green is a key feature of Wimborne and there is plenty of land close to Wimborne that would support a supermarket with better road access. The road access to the green site is limited.

Thanks for all you are doing to try to save our green. I used to love walking to Wimborne and seeing the open green as I passed even if I could not always get on to it. A green area makes one feel rested just by looking at it. The building certainly does not look like the picture on the first piece of literature Waitrose gave out at their initial meeting. Dreadful

car park.!!!

How frequently have rural communities seen applications such as this - that are presented as an 'Entirety' but are then followed by a trickle - that becomes a stream - of further incremental applications?

How many in modern politics have the strength of character, security of vision and clarity of perception to be seen to support what seems to be a passive option? Sadly, a decision in the vein of "It's fine as it is" is too weak when scrutinised in the spotlight of 21stC Performance Management.

**415 Neil Pettefer**

[Back to signature list](#)

Was this a misguided or political decision to allow development against the recommendations of the planning officers ? At the very least the developers should have been made to build 1.5m below the proposed elevation levels. The development may then have resembled the artists impression.

Yet another example of the wishes of the local community being ignored by the people elected to serve them. There should be a referendum on this development - voted on by those who pay Council Tax in the area. For the project to go ahead without such support is scandalous.

Your Council has failed you, I always look for a park or green space to sit down and relax for a while.The Town Green is a sacred.Shame on the people who has ripped the heart out of your community for their own interest,Money!

I hope your Council turns this action around for you fellow members of Wimborne, Good Luck!

THIS IS UTTERLY DISGUSTING THAT THE COUNCIL IS ALLOWING THIS BUILDING OF WAITROSE TO TAKE PLACE ON OUR LOVELY VILLAGE/CRICKET GREEN -WHICH BELONGS TO US AND ALSO HOME TO OUR PRECIOUS WILD LIFE. WE DO NOT NEED A WAITROSE -WE HAVE PLENTY OF SHOPPING CHOICES AND WAITROSE IS ONE OF THE MOST EXPENSIVE SUPERMARKETS -I DID VENTURE INSIDE ONE OF THEIR BRANCHES AND VOWED I WOULD NEVER GO INSIDE ONE AGAIN -AND WE DO NOT NEED WAITROSE HERE IN WIMBORNE.LEAVE OUR PRECIOUS GREEN ALONE FOR US TO ENJOY-ITS OURS

I cannot believe the underhand tactics of either the Council or Waitrose to get this terrible blight to Wimborne under construction - it seems that they are trying to destroy the very fibre and character, history and heritage of our beautiful Town of which we are very proud and WE say NO NO NO NO to this awful supermarket development. Who wants a Waitrose anyway - they are one of the most expensive supermarkets. Please, please please save our beautiful green for ALL OUR FUTURE ENJOYMENT!

**401 JOAN THORNE**

[Back to signature list](#)

I think it is absolutely criminal that OUR local council has allowed this monstrosity to be built in our lovely town. If this is allowed to remain, future generations will think we were a selfish and uncaring bunch, to give up this GREEN PARK for a SUPERMARKET !!!!

**400 dorothy cummings**

**398 Stephanie Selwyn**

[Back to signature list](#)

We knew it would not look like the "artist's impression", but this is so much worse than we imagined. The "underground" car park is only 2 ft below the old surface, they will be bringing the ground UP to cover it.

We should instigate a vote of "no confidence" in East Dorset District Councillors, and sack the lot!

**397 Roger Selwyn**

[Back to signature list](#)

This is and will be an appalling eye sore for Wimborne. It is so out of character and not in keeping with the 'Street Scene' of Wimborne. Materials and design are all wrong. Waitrose have deceived the town with their misleading publicity.

I know Wimborne well as my family spend the Summer holidays in Dorset. We all believe that the local community should have the last say on development in their area, particularly given the government's commitment to the health of all the population. Building on a cricket ground is unlikely to help people lead a more active and healthy life.

**377 Les Nicholl**

Although I am a Waitrose user with a high regard for JLP, this is the wrong place for them to build. We have visited Wimborne many times over the years and believe that this area should be formally recognised for what it is - a genuine and historic piece of Common Land. I hope that Dorset County Council gets its priorities right.

**373 michele pethers**

[Back to signature list](#)

I visit Wimbourne regularly, what a shame if this green area was to be taken up with building, we need more green areas in every town, please do not destroy another town centre

**372 John Revell**

[Back to signature list](#)

The cricket ground in the centre of Wimborne has given the town/village real charm and made it stand out from other towns/villages. Replacing this with a supermarket that is like so many others (and is not needed as Wimborne is suitably served already) makes Wimborne a far less appealing/attractive place to go to (ie the very opposite of what it is said is the purpose of the new supermarket).

sheer vandalism to destroy this green lung in the midst of the town

**363 Pauline Burton-Page**

[Back to signature list](#)

This unique town feature should not be allowed to be extinguished by urban development, least of all by yet another large supermarket, which will kill off smaller businesses, as has happened in countless other towns in the UK.

**361 Karen Pearce**

[Back to signature list](#)

Having lived in Wimborne all my life it was a joy to see the last remaining green space in the town every time I passed it. It was still a country town clinging on to a more relaxed way of life. However, all that is now lost. Is the enormous steel construction now taking shape really going to end up as the small and dare I say, quite attractive, glass building shown in the plans. I have been dead against this development all along and feel ever more strongly that we have destroyed our heritage.

**360 Rob Thorne**

[Back to signature list](#)

As a former resident of Wimborne, with children and grand-children still living in the town, I totally oppose the desecration of its heart. The new building can only be described as a monstrosity. It bears no resemblance to the picturesque, land-scaped pleasant idyll originally promised by Waitrose. Councillors, what are your feelings,NOW?

**349 Geraldine Schulz**

[Back to signature list](#)

I used to be a Wimborne resident and the town is still very special to me.

**348 Tom Gorham**

[Back to signature list](#)

Looks like Waitrose lied!

It's estimated that 9% of trade can be retained in Wimborne by building the new supermarket - fair enough, but why can it not be sited on the edge of town? I'm sure that the people of this great community would not continue to zip off to Ringwood or Parkstone just because the shop wasn't slap bang in the centre of Wimborne!

The cricket ground should be retained as a TOWN GREEN!

**347 Mark Collins**

[Back to signature list](#)

Wimborne is a special little town where i went to school and family of mine live there, it is a town that is close to my heart and does not need another supermarket!!

**344 Peter Morgan**

[Back to signature list](#)

It is a disgrace that one of Wimbornes best features which greets visitors to this town should be 'vandalised' in such a manner, supermarkets are commonplace, scenic cricket pitches are not. .

**342 Janet Hammond**

[Back to signature list](#)

Absolutely amazed that Waitrose (who I regard highly and use a great deal) would think of doing this in a delightful area which I have visited regularly in the past and hope to do in the future.

**339 L Harper**

[Back to signature list](#)

we mustn't keep taking the green of this land for the sake of our own ever changing trends and misplaced ideals, through our man made expectations and desires.

Areas like this make us who we our today as a nation, to loose these precious things that make the UK is to continue to loose our ever fading identity.

**337 Sue Bartlett**

[Back to signature list](#)

We have been told that this land was left to the town many years ago by a benefactor. I don't know if this is true but if it is this would seem unacceptable to use the land for commercial gain.

I fully support any claim to keep the green in the town green!

Just the framework of the building is dwarfing the rest home, where our Aunt lives, next door and has taken away their lovely green view and activity when cricket matches etc. taking place.

**335 Darren Goodwin**

[Back to signature list](#)

We already have shopping facilities, that have already been extended in the town centre and corner shops for when this is not practical so there is no need to encourage more people into Wimborne when it is not wanted, and to do so also at the expense of the wildlife and the relative harmony that currently exists.

If building must be done... make it wildlife reserves or country parks instead, not more concrete boxes that create even more stress and traffic jams.

**334 Lesley Goodwin**

[Back to signature list](#)

We need lovely green space in this stressful world. We already have enough supermarkets and it should be noticed that our small traders are still popular, as is our market. We should not be forced to accept changes that are contrary to the interests and wishes of the population of our lovely small town.

**333 Clare Seaman**

[Back to signature list](#)

I have lived in Wimborne for most of my life and am both amazed and saddened to see such a blatant disregard for local public interest. There is absolutely no justification for the destruction of this greenfield site however creative the spin. This has to be stopped for the good of the local community, environment and the heritage of our our small towns. What an awful legacy to have to live with if this is not overturned.

**330 Lindsey Snell**

[Back to signature list](#)

There are more than enough supermarkets in the area to serve the population. Wimborne does not need the added traffic a huge supermarket would bring. It is a SMALL market town and does not have the infrastructure to cope.

**326 Marian Hastings-Ison**

[Back to signature list](#)

This development is not in keeping with the reasons that the land was donated in the first place. It is unlawful to build on your own land something which is detrimental or injurious to the well being of persons living nearby. The amount of noise, traffic and loss of amenity could be considered injurious to the mental health and wellbeing of the residents of Street Meadow.

**325 Zita Killeen**

[Back to signature list](#)

It should never have been allowed to get as far as it has! There must be other more acceptable sites for Waitrose OUTSIDE the beautiful old town centre.

**323 Jim Harvey**

[Back to signature list](#)

Absolutely disgusted that planning authorities have allowed beautiful Wimborne to be so disfigured by this monstrosity

**322 Jon Godber**

[Back to signature list](#)

I'm not a Wimbourne resident but having played club cricket for over 20 years all around Dorset including Wimbourne I strongly support this campaign.

**320 stephen morgan**

[Back to signature list](#)

The permission for this monstrosity was sought underhandedly, any out building we wish to construct to enhance our property, sought by the same means would be denied.

**318 Carole Morrison**

TOTALLY DISAGREE WITH THE BUILDING OF WAITROSE ON SUCH A LOVELY PIECE OF OPEN LAND

**317 L Jarvis**

[Back to signature list](#)

Why is there frame work so close to the road.? Do you realise the identity of the town has been demolished. GREAD GREAD GREAD

**316 Diana Hawley**

[Back to signature list](#)

Please please don't spoil this little space in Wimborne. I worked for some years at a nearby large farming estate and continue to return to Wimborne. I was born in Dorset and am saddened to hear that yet another Supermarket is being planned - in my opinion quite unnecessarily.

**315 John Harper**

[Back to signature list](#)

I am shocked at the size of the building in relationship to the original architect's drawings. How could they have possibly been passed? We have all been 'hoodwinked'.

Shocking. Stop this destruction of our Village Green now.

John Harper

**312 Peggy Whitney**

[Back to signature list](#)

How could the District Councillors ever agreed to this disproportionate

**311 Scarlett Pain**

[Back to signature list](#)

I would prefer a town green because we don't have a need for a Waitrose as there are so many supermarkets in the area already. Also it is not good for the environment because it will increase pollution. A town green is much more healthy than a supermarket in lots of ways.

**310 Simon Pain**

[Back to signature list](#)

I feel so sorry for the OAPs who used to have a wonderful green to over look from their rooms and now will face a huge shop wall. The cricket pitch was a scenic beauty spot of the town and gave it that "village" old world feel that is now so rare in Britain. We are losing our identity. Please give us a town green.

**309 Karen Pain**

[Back to signature list](#)

I was opposed anyway but having now seen the monstrosity - I feel I have been completely decived by the artist impression of the site - the amount of open park land around the shop will be minimal not at all the way it was sold to us. We need green open spaces - Wimborne was beautiful and now it is spoilt. It should be a town green

**305 Tim Bailey**

[Back to signature list](#)

The cricket ground at Hanham's Ground was fundamental in the identify of Wimborne Minster as an individual market town, rather than just another urban area. I strongly feel that the money and fees, and misguided view that the development will increase the town's economy from this development have prejudiced the common sense view and wish of local residents to protect the identify of the town.

**303 Helen Davis**

[Back to signature list](#)

I couldn't believe this development had been allowed to go ahead - I thought our local authority planners had more sense. That green space was such a picturesque asset in a busy little town.

**299 Jean Williams**

[Back to signature list](#)

This development is an eyesore, an enormous blot on the landscape of our beautiful town. What of the people in Streets Meadow - no more lovely views - how sad for them to have to look at this monstrosity. Get rid of it!

**297 Kay Weeks**

[Back to signature list](#)

The pleasure of watching the cricket team and seeing the open space by the river adds to the charm of Wimborne. A supermarket on the edge of town would have been a far better option.

**296 Anne Tucker**

[Back to signature list](#)

I would hate to see this planning application being approved as it is destroying our community and countryside. and is in a completely inappropriate location.

**295 Fiona Nally**

[Back to signature list](#)

I am saddened to see how prominent the structure is. Wimborne will no longer be Wimborne, instead it will be

"Waitrose" !

The entire character of Wimborne has gone and all for the profits of Waitrose.

**293 Frank Ahern**

[Back to signature list](#)

Let's have the Land as a Town or Village Green debate. It will blow Mr Atlay's argument's out of the water. Hanham's Ground was a privately-own piece of land with a forbidding the ugly wall around it. Village green? My Azalea!

At least Waitrose will be open to the public. And it will bring greater prosperity to the town.

**291 Jacqueline Hampton**

[Back to signature list](#)

Somebody is making alot of money out of this terrible development at the residents and visitors expense. We have a Somerfield in Wimborne, CO-OP in Corfe Mullen and Tesco's on the already destroyed former palying fields at Fleetsbridge. STOP THE BUILD!

**289 Darren Paterson**

[Back to signature list](#)

Despite overwhelming local public wishes that the cricket field be retained, a to the wire vote by the local council has permitted the desecration of this lovely site and the construction of the monstrosity of a building which you now see, and against legal challenge. Why not re-develop the former Somerfield store area and 1980's site currently in existance and in dire need of improvement.

**288 sandra hardy**

[Back to signature list](#)

Green land such as this should be protected against commercialisation. It can not be replaced once lost. There are plenty of alternative sights for mundane buildings such as supermarkets.

**287 Richard Weeks**

[Back to signature list](#)

I was born in Dorset and hope to return on retirement. Why should it look just like everywhere else? Preservation of amenity is as vital to towns as to villages. We must avoid submerging what is left of our landscape in brick & concrete.

**286 Marion Hardy**

[Back to signature list](#)

As someone who was born and bred in Wimborne, and who has since visited it on regular trips, it is appalling that this has been allowed to happen. I have been kept informed all along the way the events have unfolded and I cannot believe the Council would let this come to pass. Current traders are struggling as it is - and no amount of shops on a sanctified green will help them. This travesty of a decision should be reversed forthwith.

**285 Andy Hadley**

Wimborne needs another supermarket like a hole in the head. The cricket field was one of the core values of Wimborne & was, in fact, in business terms, probably its unique selling point. Without it, it loses its special appeal & becomes just another suburban sprawl dominated by a characterless building, bringing no added value - another architectural 'carbuncle'?

The historic open space has been an amenity area used for local festivals and sport. The proposed supermarket is an uncalled for monstrosity duplicating facilities which are within easy travelling distance. The construction is disproportionate to the size of Wimborne and spoils its image.

I grew up in Wimborne and still come 'home' regularly with my children and have lovely memories of this once beautiful green space where I watched cricket, enjoyed the Folk Festival and valued it as one of the last green spaces in Wimborne. The makers of the TV series Midsummer Murders don't use a Supermarket in the background, for the obvious reason that it would be out of keeping - as would a Supermarket being constructed on the former village cricket pitch at Hanham's Ground, Wimborne!

It is unfortunate that a company (Waitrose) that advertises many of its products in store as ethical and "green" should feel the necessity to build a store on such a green field site with so much endangered wildlife at risk.

However it is more disgraceful that a council should put itself in danger of being accused of self profiteering by such a move in the face of so much local opposition.

**241 Gill Horitz**

[Back to signature list](#)

This development will do nothing to support and help sustain local independent retail outlets. Any sense of local distinctiveness is being eroded by the threat Waitrose poses to the local fish stall, butchers, green grocers, etc..

A consistent majority of local people voted against building a supermarket on green space at Rowlands Hill in every survey. The professional planners recommended permission be refused. Two thirds of local traders declined to express an opinion when asked. As a native of Dorset (Poole) and a former National Chairman of Friends of the Earth, I deplore this move by Waitrose, which I regard as a betrayal of the spirit and ideals of John Lewis and his heirs. While the rest of the country is creating open spaces in the towns and cities, Wimborne Minster has thrown away a space that gives the town its character.

It is tragic to see what has become of a beautiful green space. The area could be used like a small London park or square to allow residents to enjoy the simple pleasure of "sitting on the grass" Not all Wimborne residents enjoy large, lawned gardens, there has been a big increase in flats over the past few years.

**128 graham handyside**

[Back to signature list](#)

Everyday that I see this monstrosity grow I fear that the character of Wimborne is being eroded. The buildings' scale seems to be wildly out of kilter to the artists' impression. The drawings showed acres of green space with a rather tasteful building that did not intrude upon the architectural vernacular.

This is not the case.

Hopefully something can be done about this supermarket otherwise Wimborne will become just another soulless town with ample shops but no different to any other town.

**127 Lorrae Alexander**

The beauty of Wimborne was its quiet, peaceful, unindustrialised country town feel. With this Waitrose breaking up the green area of the town, and increasing traffic and an area that can already get ridiculously busy, I see it as a mistake. Do something to balance this issue out.

**117 Muriel MacGregor**

[Back to signature list](#)

A supermarket, or any other building, on this site instead of the open space enjoyed by residents and visitors to Wimborne is a bad mistake. A Waitrose supermarket on the outskirts of the town would be very welcome.

[Back to signature list](#)

I would be happy for a Waitrose to be built in Wimborne but most certainly not on the present ill chosen site. The monstrous building taking shape will over power the balance of Wimborne Town and will be utterly hideous. There are other sites suitable: let us have our green space back

Wimborne is still a beautiful town with real character and history. Destroying the old cricket pitch (the green) and replacing it with a banal supermarket will wreck the town. It is an act of devastation by homogenization, wilful and insidious.

Surely that outdated monstrosity shows the error of this new plan?

**70 Natalie Handyside**

[Back to signature list](#)

The building of this supermarket is destroying a beautiful town, and ripping out it's soul. We have children and the green spaces of Wimborne aided our decision to move here. If we had wanted to live in a built up area, we would have remained living in a city. The council in my opinion has failed in it's duty to protect Wimborne's character and needs of it's community.
